MORE SOLAR IS COMING TO STANDING ROCK!

Covenant Tribal Solar Initiative, co-founded by Cody Two Bears of Indigenized Energy, will be installing a solar system to honor a Standing Rock Tribal Elder. The system will be built next month, and we are looking for SIX STANDING ROCK TRIBAL MEMBERS to receive a scholarship for solar training, followed by paid work as an installer on this important project, which is sponsored by Pharrell Williams and Adidas.

Are you interested in a job in Renewable Energy?
Do you want paid Solar Training?
Do you want to be part of the transition to clean energy?

CTSI is seeking SIX applicants for a SCHOLARSHIP for an ALL EXPENSES PAID solar certificate workshop at Red Cloud Renewable Energy Center on Pine Ridge. This 9-day training is taught by Lakota Chief, Henry Red Cloud, and will cover the basics of how to install and maintain solar energy systems, preparing you for a job in solar right here on Standing Rock, as well as with neighboring tribes and communities, and beyond.

Covenant Tribal Solar Initiative is a first-of-its-kind effort, led by Native Americans and deploying solar experts to support Native American tribes in their efforts to transition to clean energy, as a means to diminish poverty, mitigate climate change, and restore self-reliance and self-determination.

JOIN US IN THIS TRANSITION! Email: cody@covenantsolar.org for more information or to apply!
